ABOUT US

Part of the VIDEOTON Group, providing reliable subcontracting in precision metalworking and surface treatment, combining expertise with advanced technology.

HIGHLIGHTS

31 Mill. €

370

Székesfehérvár
HU

14.265 m²

SOLUTIONS

MACHINING

- CNC machining
- CNC turning
- CNC milling
- rework services

SURFACE TREATMENT

- E-coating (KTL paint)
- Zink-nickel plating
- Tin plating
- Silver plating
- Zinc plating
- Chemical / Galvanic nickel plating

WHY US?

Customer specific solutions

Aim to reduce environmental impact

Readiness to invest

Flexible services

REFERENCES

MACHINING

Significant machining capacity on a more than 3000 m² production site. Depending on the process requirement, we produce our customers' parts either on CNC lathes or CNC machining centres.

CORE TECHNOLOGIES

36 pcs of machining centers

--- 33 pcs 1 spindle Brother
--- 3 pcs 5 Axis YCM

Washing

Vibration tumbling

Surface finishing

Leak test

Sanding

High-pressure
deburring

PRODUCT REFERENCES

Fuel pump

Industrial electric part(s)
